

PRODUCTS RANGE

Cheeses

- CAGLIATA
- CHEDDAR CURD AND RED
- CHEESE POWDER
- GOUDA LACTOSE FREE
- GOYA CHEESE
- LOW-FAT CHEESE
- MOZZARELLA
- MOZZARELLA LACTOSE FRE

Coconut Derivatives

- Desiccated coconut: PHILIPPINES
- Desiccated coconut specialties

Dairy Fats

- AMF (anhydrous butter)
- CREAM BUTTER
- WHEY BUTTER
- POWDERED CREAM

Egg products in powder form

- EGG WHITE POWDER (non- whip, high whip, high gel, acid)
- EGG YOLK POWDER
- WHOLE EGG POWDER
- (Available in different farming methods)
- (**ECO** version also available)

Ferments

- TEXEL: Ferments and cover flora for the meat industry

Fibres

SOLUBLE FIBRES

- FIBREGUM: Acacia fibres
- INNAVEA: Acacia fibres (**ECO**)
- ORAFTI: Inulin and FOS (**ECO** version also available)

INSOLUBLE FIBRES

- BEETPRO: Beetroot fibre (**ECO** version also available)
- EMFIBRE EF: Inner pea fibre (different sizes)
- EMFIBRE KF: Potato fibres (different sizes)

- KALEPRO: Kale fibre
- KAROPRO: Carrot fibre (**ECO** version also available)

Flavours

- Cream and butter natural flavours
- Enzyme-modified cheeses
- Vegetarian natural dairy flavours (non-dairy)

Hydrocolloids

ACACIA / ARABIC GUMS

- COATINGUM
- EFICACIA
- ENCAPCIA
- INSTANTGUM
- INSTANTGUM AA ORGANIC (**ECO**)
- SPRAYGUM

DAMAR GUM

- RESINOGUM DD

GUAR GUM

GUMS BLENDS

- THIXOGUM: Arabic gum and xanthan gum / arabic gum and gellan gum

LOCUST BEAN GUM

- NALTIVE LBG

CELLULOSE DERIVATIVES

- Methylcellulose (MC): METOLOSE / TYLOPUR
- Hydroxypropyl methylcellulose (HPMC): METOLOSE / TYLOPUR

TARA GUM

Lecithin

- RAPESEED LECITHIN (powdered and fluid)
- SUNFLOWER LECITHIN (powdered and fluid) (Liquid also in **ECO** version)
- SOY LECITHIN (powdered, fluid and in granules) (Liquid also in **ECO** version)

Milks in powder

- INFANT GRADE MILK POWDER
- INSTANT MILK POWDER
- LACTOSE FREE MILK POWDER (VALIO EILA™ range)
- RE-FATTED MILK POWDER (Different types of vegetable fat)
- SKIMMED MILK POWDER (LH/MH/HH) (**ECO** version also available)
- WHOLE MILK POWDER SPRAY (**ECO** version also available)
- WHOLE MILK ROLLER

Nutritional Specialties

- NUTRI F+™: Dairy proteins rich in phospholipids
- SALONA: Mineral complex for salt reduction
- VITALARMOR Ca M10: Micronized milk calcium
- VITALARMOR LF: Lactoferrin
- VITALARMOR LP: Lactoperoxidase
- VITALARMOR 950: Hydrolyzed casein peptides
- VITAGOS: Galactooligosaccharides
- VOLACTIVE PRO20: Whey protein, clear in solution
- VOLACTIVE VELICIOUS: Whey protein, heat stable and pH stable (perfect for enriching)
- YOGOS: Powdered yogurt
- Powdered yogurt (**ECO**)

Phosphates

- Defined phosphates
- PESCAPLUS (for fish products)
- SAPP, SALP, monocalcium phosphate (for bakery and pastries)
- SOLVA, JOHA (for melted cheese)
- TARI, CURAFOS y FIBRISOL (for meat products)
- TURRISIN (for dairy products)

Preparations

- NaSu Burger: preparation for veggie burgers (**ECO** version also available)
- NUTRIZ ML: preparation for rice milk (traditional farming and **ECO**)

Proteins

MEAT PROTEINS

- COLPROPUR: Hydrolysed collagen protein. Single species: pig, bovine
- VEPRO 70 COL P: Porcine blood protein colouring fraction (Natural colouring agent)
- VEPRO 75 PSC: Porcine plasma
- VEPRO 90 PWB: Porcine blood powder
- VEPRO 95 HV: Porcine globin
- VEPRO GEL: Functional soluble collagen proteins. Porcine and bovine origin
- VEPRO I-RED: Stabilized Pig Blood Hemoglobin (Natural Coloring Agent)

DAIRY PROTEINS

- ACID CASEIN
- CASEINATES of Na / K / Ca (instant, spray, extrusion)
- MCC: Micellar or native casein (**ECO** version also available)
- MPC – MPI (MPC in **ECO** version also available)
- NATIVE CASEIN **ECO**
- RENNET CASEIN
- WPC – WPI (PROTARMOR, ORAGEL, VOLACTIVE ULTRAWHEY, WHEYCO ranges) (**ECO** version also available)

PLANT-BASED PROTEINS

- AMYGLUTEN: Vital Gluten (wheat)
- BeneoPro W-Tex WF: Texturing of wheat protein (gluten) and wheat flour
- BIOPRO: Soy flours: Enzymatically active / Roasted / Defatted
- Chopped and roasted soy beans (grits)
- Defatted pumpkin seed flour
- EMPRO: Pea Protein Isolate
- HEMPPRO: Hemp protein **ECO**
- LEINPRO: Partially defatted linseed flour **ECO**
- PUMKINPRO: Pumpkin protein (**ECO** version also available)
- PUREPRO SOY 90F-G: Soy isolate for emulsion
- PUREPRO SOY 90F-D: Soy isolate for injection
- PUREPRO SOY 90N: Soy isolate for nutrition
- PUREPRO SOY 70F-G: Functional soy concentrate
- PUREPRO SOY 70N: Soy concentrate for nutrition

- PUREPRO SOY 70T - Flake: Textured soy flake concentrate
- PUREPRO SOY 70T – Granule: Textured soy concentrate in granules
- PUREPRO PEA 80S: Pea Isolate
- REMYPRO: Rice proteins
- SEDA M500: Hydrolysed wheat protein
- SOPROTEX / TEXPRO: Textured soy flour
- SUNPRO: Sunflower seed protein (**ECO** version also available)

Raising Agents

- Ammonium bicarbonate
- Cream of Tartar (Monobasic potassium tartrate)

Starches, Flours, and its derivatives

RICE

- REMY: Native starches (Also **ECO**)
- REMYFLO: Flours (Also **ECO**)
- REMYGEL: Modified starches
- REMYLINE, REMYPURE: Clean label starches, high functionality

PEA

- Native starch
- Modified starches
- EMPURE E: Clean label starches, high functionality

CORN

- MALDEX: Maltodextrins with different DE and particle size
- MERITENA 100: Native starch
- MERITENA 114 y MERITENA 115: Low moisture starches
- MERITENA 150: Starches for mogul

POTATO

- EMES, EMJEL, EMGUM: Modified starches
- EMFLAKE: Potatoes flakes
- EMGRANULE: Potatoes granules
- EMPURE K: Clean label flakes and starches, high functionality
- EMDEX KS 1025: Dextrin
- Starches: Native and low moisture

WHEAT

- MALDEX: Maltodextrins with different DE and particle size
- MERITENA 200: Native starch

OAT

- Flakes
- Hydrolized and native flours

Sugars and Sweeteners

DEXTROSE MONOHYDRATE

- MERITOSE: Wheat and corn origin. Different particle size

GLUCOSE SYRUPS

- GLUCOMALT: High maltose syrups
- GLUCOPLUS: High DE syrups
- GLUCOSWEET: Fructose and glucose syrups
- ISOSWEET: High fructose syrups
- MYLOSE: Syrups with medium and low DE
- REMYLOSE 58-80: Rice syrup

POWDERED GLUCOSE SYRUPS

- GLUCODRY: Different DEs and particle sizes

LACTOSE

- Lactose (**ECO** version also available)
- Infant nutrition lactose
- Refined lactose

SORBITOL

- MERISORB: Powdered
- MERITOL: Liquid / Crystallizable and non-crystallizable / Different sorbitol content

MALTITOL

- MALTILITE: Liquid
- MALTILITE P: Powdered / Different particle size

ISOMALT: Different particle size

PALATINOSE TM: Isomaltulose. Different particle size

FONDANT

STEVIA

Vegetable Extracts

- Wide range of vegetable extracts (Acerola, Pomegranate, Guarana, Olive, etc.)
- Vegetable extracts from traditional and organic farming (**ECO**)

Whey

- HIGH FLOW WHEY PERMEATE
- WHEY (**ECO** version also available)
- WHEY COW AND SHEEP BLEND
- REFATTED WHEY (with different types of vegetable fats)
- DEMINERALIZED WHEY (**ECO** version also available)
